

E-waste Management

Introduction:

Electronic waste, or e-waste, is a term for electronic products that have become unwanted, non-working or obsolete, and have essentially reached the end of their useful life.

As per E-waste Rule 2016, E-waste is defined as 'electrical and electronic equipment, whole or in part discarded as waste by the consumer or bulk consumer as well as rejects from manufacturing, refurbishment and repair processes.

E-waste contains many valuable, recoverable materials such as aluminum, copper, gold, silver, plastics, and ferrous metals. In order to conserve natural resources and the energy needed to produce new electronic equipment from virgin resources, electronic equipment can be refurbished, reused, and recycled instead of being landfilled.

E-waste also contains toxic and hazardous materials including mercury, lead, cadmium, beryllium, chromium, and chemical flame retardants, which have the potential to leach into our soil and water.

Brief on general scheme of the collection

M/s. Puthur Infotech Private Limited have an agreement with PRO M/s Sogo Synergy Pvt. Ltd. We will collect our all E-waste through on PAN India Basis with the help of our E-waste collection and channelization partner M/s Sogo Synergy Pvt. Ltd. and he will channelize the E-waste with help of his logistic partner to an authorized recycling facility.

- if any customer wants to hand over their old product they can reach or call us on **Toll-Free No 1800 102 9084**. Our representatives explain them about the process of disposal and make them aware of the nearest drop point available to drop the e-waste and also give information about incentives we will offer to them against their end-of-life product. If any customer wants to hand over the material from their door steps we do send our logistics team to collect the items and channelize the same to our e-waste partner plant for final processing.
- M/s. Puthur Infotech Private Limited is using the collection centre of PRO M/s Sogo Synergy Pvt. Ltd. to collect the e-waste

The benefit of recycling E-waste:

- ✚ E-waste contains many valuable, recoverable materials such as aluminium, copper, gold, silver, plastics, and ferrous metals. In order to conserve natural resources and the energy needed to produce new electronic equipment from virgin resources, electronic equipment can be refurbished, reused, and recycled instead of being landfilled.

- ✚ E-waste also contains toxic and hazardous materials including mercury, lead, cadmium, beryllium, chromium, and chemical flame retardants, which have the potential to leach into our soil and water.
- ✚ **Protects your surroundings-** Safe recycling of outdated electronics promotes sound management of toxic chemicals such as lead and mercury.
- ✚ **Conserves natural resources-** Recycling recovers valuable materials from old electronics that can be used to make new products. As a result, we save energy, reduce pollution, reduce greenhouse gas emissions, and save resources by extracting fewer raw materials from the earth.
- ✚ **Helps others** - Donating your used electronics benefits your community by passing on ready-to-use or refurbished equipment to those who need it.
- ✚ **Saves landfill space** - E-waste is a growing waste stream. By recycling these items, landfill space is conserved.

Do's & Don'ts

Do's:

- ✚ Always look for information on the catalogue with your product for end-of-life equipment handling.
- ✚ Ensure that only Authorized Recyclers repair and handle your electronic products.
- ✚ Always call our E-waste Authorized Collection Centres/ points to Dispose of products that have reached end-of-life.
- ✚ Always drop your used electronic products, batteries or any accessories when they reach the end of their life at your nearest Authorized E-Waste Collection Centres/ Points.
- ✚ Always disconnect the battery from the product, and ensure any glass surface is protected against breakage.

Don'ts:

- ✚ Do not dismantle your electronic Products on your own
- ✚ Do not throw electronics in bins having "Do not Dispose" sign.
- ✚ Do not give e-waste to informal (Kabbadi) and unorganized sectors like Local Scrap Dealer/ Rag Pickers.
- ✚ Do not dispose of your product in garbage bins along with municipal waste that ultimately reaches landfills.

List of Collection Points:

Collection Points				
Sr. No	States	Logistic	Address	TOLL-FREE NUMBER
1	Andhra Pradesh	Selite Express Courier & Logistic	Shekar 26-9-37, Gnanolive Street, Eluru Road, Gandhi Nagar, Vijayawada, Andhra Pradesh 520003 8662577957	1800 102 9084
2	Assam, Arunachal Pradesh, Nagaland, Sikkim	Selite Express Courier & Logistic	BIJAY CHAUHAN A M Road, Opp-Apsara Cinema, H/No-40, Ulubari, Guwahati-781007 Mobile:9678880774 / 7002489550	1800 102 9084
3	Bihar	Selite Express Courier & Logistic	ARBIND JAISWAL # 10, Cliv Row, Ground Floor, Kolkata-700001 Mobile:9339146116	1800 102 9084
